11. To add a class to your shopping cart, click on **Select Class**. To first check for how many seats are left click on the link next to “Section” (upper left in the screenshot below)
12. (optional: only when you check on seats left first) Click “Select Class”
   a. Note: The number of available seats can be misleading. For some courses, the number of seats may be reserved (e.g. for transfer students who register later and may otherwise not find a sufficient number of classes with open seats); such “reserved seats” are included in the number of “available seats”. So, you may have to get an “overtally” permission even if it seems that there “available” seats. But go on, you will find out for sure at the end of the “add classes” process.

13. To confirm adding the class to your shopping cart, click Next
14. Click **Proceed to Step 2 of 3**

15. Click on **Finish Enrolling** on the next page to view the results page.
